NATB JOINS WITH BBB IN PROTECTING ROYALS FANS FROM WORLD SERIES TICKET SCAMS

Let the NATB's **Ten Commandments of Ticket-Buying** Be Your Guide

WASHINGTON, DC - The National Association of Ticket Brokers agrees with Jim Hegarty of the Better Business Bureau serving Nebraska, South Dakota, the Kansas Plains and Southwest Iowa that the thrill of being able to see your team in the World Series for the first time since 1985 must be tempered by caution when shopping for tickets.

In fact, many BBB chapters across America recommend doing business on the secondary ticket market only with NATB-member brokers, as they are guided by a Code of Ethics and a 200% money-back guarantee. Some of these have Royals tickets available for purchase now. http://www.natb.org/find/

As part of our mandate to educate the public on safe and secure ticket-buying, we refer fans to the NATB Ten Commandments of Ticket-Buying:

1. **Get a money-back guarantee.**
2. **Ask for section and row, and check the seating chart.**
3. **Buy from NATB Members only.**
4. **Understand the terms of the transaction.**
5. **Do your research and know the market price.**
6. **Do not buy on the street corner or outside an event.**
7. **Do not buy on an unsecured web site.**
8. **Do not pay with cash.**
9. **Do not take the "too-good-to-be-true" deal.**
10. **Report counterfeit or dishonest sellers. NATB Hotline: 1 (630) 510-4594**

The National Association of Ticket Brokers (NATB) is a non-profit trade association that advocates for the rights of ticket buyers and its membership, which is composed of ticket sellers in the secondary market.
